IN-HOME CARE

Enrolled FCP Tribal Elders and disabled adults within our service area are provided with proper care and needed services, so they can maintain independence and remain in their homes as long as reasonably possible.

Need for services is based on an assessment by the In-Home Care Nurse and Community Health Representative. Services will be made available to participants who reside within a 30-mile radius of FCPHWC or a 30-mile radius of We Care in Carter.

- SERVICES PROVIDED**
- ◆ Skilled Nursing Services
 - ◆ Case Management
 - ◆ Medication Management
 - ◆ Personal Care
 - ◆ Companionship
 - ◆ Social Activities
 - ◆ Light House Cleaning
 - ◆ Errand Running
 - ◆ Patient Advocacy
 - ◆ Health Promotion & Education

PROTECTING & IMPROVING THE HEALTH OF THE FCP COMMUNITY

- **Link to and provide care** to individuals of all ages, through skilled nursing, case management and referrals to community resources.
- **Communicable Disease Information & Reporting:** Collaborating with local partners to provide surveillance, investigation, education, and follow-up on reportable communicable diseases.
- **Disease and injury prevention** through education and immunizations.
- **Works to limit health disparities** by promoting health care equity, quality, and accessibility.
- **Health Promotion & Disease Prevention Activities:** Work with partners and community members on identified health priorities through programs and policies.
- **Public Health Emergency Preparedness:** Work with community partners to plan, prepare, and respond to natural and man-made disasters.
